

Samuel Aluko

Software Developer

+2347068526609 • Ilorin, Kwara • alukosamuel25@gmail.com • LinkedIn | Website | GitHub

A software developer specializing in building fast, responsive, and user-focused web applications using React, Next.js, TailwindCSS, MongoDB, Node.js, and other modern web technologies. Experienced in collaborating with cross-functional teams to turn product ideas into scalable digital experiences. Passionate about clean architecture, performance optimization, and creating intuitive user interfaces.

Professional Experience

LEAD FRONTEND DEVELOPER | ILUMSA, ILORIN, KWARA
OCTOBER 2025 – JANUARY 2026

- Led the frontend direction from architecture and design implementation to ensuring responsiveness and performance.
- Set best practices, coding standards, and workflows for the frontend team.
- Focused on building a functional and user-centered interface that reflects the association's professionalism and vision.

FULL STACK DEVELOPER | RCCG, CARSHALTON, GREATER LONDON
APRIL 2023 – SEPTEMBER 2023

- Led the revamp of the church's website using the MERN stack (MongoDB, Express, ReactJS, and NodeJS), thereby improving site speed by 55% and enhancing mobile responsiveness for a smoother user experience.
- Collaborated with cross-functional teams to implement new frontend features, boosting online engagement and accessibility.
- Optimised codebase and integrated best practices, which reduced maintenance issues and improved scalability for future updates.

LEAD FRONTEND DEVELOPER | L.I.F.E FOUNDATION, AURORA, COLORADO
APRIL 2022 – JANUARY 2023

- Built the organization's first website from the ground up using ReactJS, creating a digital presence that expanded their reach to donors, volunteers, and partners.
- Designed and implemented a user-friendly frontend interface, making it easy for visitors to learn about programs and get involved.
- Collaborated with the foundation's leadership to translate brand goals into a functional site, driving online visibility and credibility.

FRONTEND DEVELOPER | HNG TECH, LAGOS
OCTOBER 2022 – DECEMBER 2022

- Collaborated with a remote team to develop and maintain frontend features using HTML, CSS, and JavaScript.
- Worked with industry-standard tools and workflows such as Linear, Git, GitHub, and agile development.
- Contributed to real-world projects by debugging issues and optimising code, which improved performance and usability.

Education

MB;BS | University Of Ilorin
Ilorin, Kwara | December 2023 – Present

Key Skills

- JavaScript
- Next.js
- TailwindCSS
- Node.js
- StackAuth
- ReactJS
- TypeScript
- MongoDB
- Neon
- Git

Accomplishments

Outstanding Tutor in Frontend Development Award | NEXTGEN MEDICS
December 2025

Volunteering

Frontend Development Tutor | Ilorin, Kwara
August 2025 – December 2025

- Developed a structured curriculum that simplifies coding for beginners and aligns with the needs of medical students.
- Trained medical students in core frontend technologies, helping them build their first functional web projects.
- Supported learners through guidance and mentorship, aimed at improving coding confidence and problem-solving skills.

Interests

- Frontend Development
- Low-Code Backend Development
- UI/UX Design
